

ONDHEIM THEODISH FELLOWSHIP MIDSUMMER 2022

On Saturday July 23, 2022, the Ondheim Theodish Fellowship gathered together at Thunreshof to celebrate midsummer. Many of the folk were in attendance, as well as some guests. The day began with lunch and communal bond building, with the folk engaging in games like Kubbe, Axe Throwing, and Archery. It was a beautiful day, Freyr having blessed us with gorgeous weather, albeit very hot. It was yet another great day for the Folk!

Chris Thane, Skyler Karl and Patty Karl presented the completed replacement of the tribal Irminsul at Thunreshof, the completion of their boast from Yule 2022. Once again proving how real heathens LIVE their path and complete their boasts as promised. Responsibility and accountability are paramount in our worldview. The old Irminsul, having stood over our holy stead for over a decade was then sacrificed to The Gods as a part of the ritual. It is important to honor the passing of the old into the new, and never forget where we came from, as it is in the lessons of the past that we find our way to worth.

The folk and guests all participated in the tradition of fire jumping for Fertility and Honor was given to Freyr and the ancestors. It was a very moving ritual. After the feast, as is the midsummer tradition, the folk met in Thing and the plans and business of the tribe were brought forth and presented. The tribe will open Yule to guests and the event is to be held in the Log cabin longhouses that have been used by our folk for decades at Ten Mile River. Having set our foundational thews as a tribe in the past year, we fare forth and open our events to our friends and guests on a larger scale. The Gods and ancestors have heard our plans, and may we all be lucky in them!

As a part of the tribal business of the day, two more worthed freedmen chose to take their hold oaths and swear their service before Gods, Ancestors, and the folk. Josh Karl and Rob Karl both chose to swear their hold oaths to William Lord. Their oaths were sworn and witnessed at the Horg by all. May we all continue to work and worth ourselves and build a gefrain worthy of our forefathers!

HAIL THE GODS AND ANCESTORS!

HAIL THE FOLK!
